

LG SONIC

LG SONIC

LG Sonic is a leading international manufacturer of algae control systems. LG Sonic products provide an environmentally friendly solution to control algae in lakes, reservoirs, treatment plants, and other applications. Over the last decade, more than 10,000 LG Sonic products have been successfully installed in 52 different countries. Our latest innovation, the MPC-Buoy, is a floating solar powered system that combines continuous online water quality monitoring, web-based software, and ultrasonic technology to effectively control harmful algal blooms in lakes and reservoirs.
