PROCES WATER TREATMENT

A BLUE WORLD COMPANY BV
A Blue World Company bv is a Dutch based organization which specializes in the production of bio stimulants regarding wastewater treatment, soil improvement and environmental improving solutions with partners based on our unique and fully biological formula. Products are distributed, applied and/or sold via a (knowledge) partner network. These products help stimulate the bacteria improving emissions in and around water, waste, cleansing the air, removing toxic waste, replacing chemicals and boosting bio filters. Our sales office is based in Harderwijk (The Netherlands) and our production plant in Hazeldonk/Meer (Belgium) with activities in almost all European countries
