

PAQUES

PAQUES: LEADING IN
BIOLOGICAL WASTEWATER
AND GAS TREATMENT

Paques has over 30 years of experience in helping industries and municipalities to reduce their water and carbon footprints and reclaim valuable resources. The cost-effective effluent purification systems produce energy from wastewater, whilst purifying the water and facilitating water reuse.

Since 1980, Paques realised more than 1800 references worldwide. With its headquarters in The Netherlands, Paques has subsidiaries and/or production locations in China, Brazil, United States, India and Malaysia. In many other countries, the company is represented by licensed partners. This ensures local presence and the best service for clients worldwide.
