

PROAXXES

integral to your success

Proaxxes Srl is a private company in Italy, providing international business services to foreign companies on the Italian market. We love international business development projects, especially the more ambitious ones. We work in close partnership with companies and organisations to breathe life into their strategic plans.

Modern fast-paced, high-tech settings demand more advanced and increasingly creative, interactive approaches. By integrating ourselves with our partners' operating environments, we develop and manage services for the target markets together.

Our core strengths include passion, competence, dedication, and accountability as a partner. Over the years, we have learned that the dynamic connections we generate present real value to both stakeholders involved as we pursue a mutually profitable, lasting business collaboration. Strategic local management, a constant creative focus on change, proximity to local economies and cultures, extended networks and a consolidated business development practice in the relevant technological sectors lie at the heart of our swift and efficient operational profile.

Proaxxes functions as country manager, performs competitor analysis and market strategy development, sets up sales networks, managing agents and distributors for its clients. Proaxxes operates in integrated partnership with the top management of its clients. Proaxxes manages complex market-entry operations and is active in diverse innovative technology sectors, preferably within a Circular Economy context, such as

Water Technology, Building & Architecture, Agri & FoodTech, Green Logistics.
